[The following article is published to-day by request. It appeared in our issue of yesterday.—ED.]

Death of Capt. Taylor.

We regret to announce the decease of our respected fellow-citizen Captain William V. Taylor, of the U. S. Navy.

He was born in Newport, April 11th, 1780. He entered the navy in 1813, at the request of Commodore Perry, with whom he went to Lake Erie. To Mr. Taylor and the late Mr. Daniel Turner, who was also a citizen of Newport, was entrusted the work of rigging and equipping the fleet, for that famous battle. Mr. Taylor was sailing master of the brig Lawrence, during the action, and was slightly wounded. His courage and energy received warm praise from his commander and from the whole country. Congress showed their appreciation of his services by voting to him a sword.

He accompanied Commodore Perry to the Mediterranean, as a Lieutenant, in the frigate Java. He went as first Lieutenant under Capt. Nicholson, in the sloop-of-war Ontario. He was stationed at the Boston Navy Yard two years, and then ordered to the frigate Hudson, Commodore Creighton, on a cruise to Brazil. Soon after his return he was promoted to the rank of Commander, in which capacity he had charge of the sloops-of-war Warren and Erie, in the Gulf of Mexico. In 1841 he was made Captain. In the 68th year of his age he received orders to take command of the Ohio, ship of the line. He made no effort to be excused, but took the ship round Cape Horn to the Pacific, where he was compelled by sickness to leave her and return home.

The recent Naval Retiring Board gave him an honorable discharge from active service, on full leave pay.

Three years since he professed his faith in Christ, and became a communicant in the Protestant Episcopal Church. In the service of God, as in that of his country, he was conscientious and hearty. When he had made up his mind upon any matter, he was not afraid to utter it. When he had taken a position, he manfully defended it. As an officer, though strict in his discipline, he won the hearts of the sailors by his thoughtful kindness. His charity to the poor in this place was unremitting. He was constantly devising plans for the relief of the sick and needy.

On the morning of the 9th inst., Capt. Taylor was prostrated by a stroke of paralysis. He expired on the 11th, in the 78th year of his age. He leaves a widow and four children to mourn his loss.

SATURDAY MORNING, Feb. 13, 1858.

Providence-ial Interposition.

The Newport *News* informs its readers that several arrests were made during the fire on Saturday night, by His Honor, the Mayor, and his assistants, a part of them for unwillingness to assist at the engines when ordered to do so by the proper authorities. The News backs up the authorities, and uses hard words against "the dogged obstinacy" manifested on such "trying occasions." This is what we cannot understand. With us every man is prompt to do his duty and there is no spot so hot or hazardous, where a man can stand and work, which is not sought by the determined firemen. The multitudes who assemble at the fires are only an obstacle—there is no opportunity for their services, and we do not think they run the least risk of being arrested, unless they interfere with those on whom the duty devolves of subduing the angry element. Friend *News*, wake up slumbering emulation;—appoint efficient men to the laborious service on such "trying occasions;"—give them appropriate quarters, efficient engines, good counsel, and fair play, and you'll have no trouble in future.—*Providence Journal.*

Thank you brother! you are the kindest of men,—but who's that you want waked up?—slumbering somebody, but nobody that lives *hereabouts* upon our honor.

Our firemen did their duty nobly—they mounted burning roofs, dashed up ladders, and into blazing rooms with as much gallantry as any men could do—but when a conflagration of five blazing wooden houses in a wooden town is under way, no gallantry and no devotion, or exertion on the part of the department alone, can stay the flames, and 1 o'clock at night is not a favorable time for drumming up recruits.—Consequently the few idle, worthless fellows who will always gather about a fire, were called upon to relieve the exhausted firemen at the engines, and failing to do so, our efficient Mayor put them out of harms way. The only difference between our friend up the river and ourselves is this—there, the same idle crowd would gather; if the necessity arose they would be called upon; as in our case they would'nt serve; but the authorities *would probably not take the trouble to arrest them*: that's the only difference.

If our "friend" (that's what "he" calls us,) will enquire of the Providence Insurance Offices, we think they will tell him, that our "dogged obstinacy" cost them less per annum, than his vaunted "efficient men," "laborious service," "appropriate quarters," "good counsel" and "fair play." Our opinion, as an eye witness is, that if Providence River had been down here on Saturday, it would have been pumped so dry in half an hour, as to permanently discourage it from running down hill hereafter; but as our firemen had the Atlantic to draw from, the only observable result has been—*extremely low tide, all along the coast, ever since!* can Providence beat that?

Correspondence of the Daily News.

NEW YORK, Feb. 11, 1858.

MR. EDITOR: Lively times yesterday in the Stock market, the "bulls" getting a handsome advantage of their ursine competitors, and giving many of the leading railroad securities a decided lift. The sales were large, especially of N. Y. Central, Chicago and Rock Island, Michigan Southern, Galena and Chicago, and Reading. Kentucky and Missouri State Stocks also shared in the rise. In the Provision and general markets, there is no change to speak of.

Mayor Tiemann is pushing investigation and reform in various departments of the municipal field—the lottery dealers, gamblers, and unlicensed coachmen and carmen having to step around pretty smartly, about these days. The Sunday liquor-sellers having been largely taken in hand by the District Attorney, not long before the new Mayor's accession to office, he has not as yet paid his particular respects to that class of worthies—though I believe he is pledged to see that the Sunday traffic is discontinued, which it is not yet, by a long shot. The investigation of frauds in the Street and Comptroller's department, is not yet concluded.

Of the gang concerned in the murder of the Swiss women in Greenwich street, Pembroke and Toole to-day pleaded guilty to manslaughter in the first degree, and were sentenced to State Prison, one for ten years, the other for twelve. O'Connell has been previously convicted of murder, and sentenced to be hanged the 2d of April—though I suppose there is little probability of his hanging at all. Murders are perpetrated here in every conceivable shape, and with every degree of aggravation, and to the extent of one, two, and sometimes half a dozen per week; yet the assassin generally manages to escape the extreme penalty, with the help of lawyers or without. Last year 64 well ascertained cases, and 1 hanging!

The association for the improvement of the condition of the poor, have put forth a second appeal to the public in behalf of the destitute. They allege that the applicants for their aid, in the way of food, fuel and clothing, now reveal the appalling number of *Thirty-five Thousand* persons, and that Thirty Thousand Dollars is greatly needed for their relief. This statement relative to the vast number of the needy would hardly be credited, if it were not made by persons of whose reputation for integrity there is no room for doubt. But even this large multitude has by no means included all the destitute of the city. Many other charitable associations are actively at work, and furnish full scope for all their energies.

Our State Legislature is doing as near nothing as possible—so as to keep up the reputation I suppose, which the Assembly gained, in losing away the first three weeks without choosing a Speaker. The squad of members from this city (all Democrats, so called) seem to be chiefly occupied in efforts to embarrass or overthrow the new Police organization.

The federal office-holders have held a meeting at Tammany Hall to endorse the Lecompton message of the President; but there is a formidable host of the party in this city who will never be able to swallow the Lecompton dose, however much it may be sweetened. But I greatly fear the effect of the President's influence relative to slippery Northern Democracy, when the final question comes to a vote at Washington.

The death of Bishop Waugh the senior prelate of the Methodist Church, which occurred on Tuesday at his residence in Baltimore, has produced a deep sensation in this city, where he resided for many years and was greatly respected. RAMBLER.

LOCAL NEWS.

Death of Mrs. Com. Perry.

It is with regret, that we are called upon to announce the decease of Mrs. Elizabeth C. M. Perry, widow of our late distinguished fellow townsman, Commodore Oliver Hazard Perry, the Hero of Lake Erie, and daughter of Dr. Benjamin Mason, formerly of this city. Mrs. Perry's death was quite sudden, though her health had for years been extremely delicate. She was a lady whose many estimable qualities will cause her memory to be long cherished and held forever sacred by her relatives and friends, indeed by our community generally.

Though peculiarly retiring and reserved in her social disposition, she yet possessed those amiable and benevolent qualities of character, which grace as well the woman as the christian, and which are well worthy of imitation by all the members of her sex.

☞ The popularity of No. 3—Engine Company, especially with the Ladies, is a somewhat significant fact, and one, the cause of which is not readily seen by outsiders. In truth no one thing makes them hold the affections of the people of both sexes, but a variety of good traits too numerous for discussion at present. We were led to these remarks, having had the pleasure of meeting a select party of Ladies and gentlemen at their Hall on Thursday Evening last on the occasion of their "sociables" which we understand are given weekly.

The Hall was well filled and the evening was passed in dancing and chatting, and listening to the fine music, which was the delight of all present. Mr. Sayer the foreman and his assistant officers bestowed every attention in the entertainment of their guests, and all, especially the ladies appeared extremely delighted with an evenings recreation of this kind. Had we time and space we might moralize upon the advantage of young men passing their evenings in this way over that of spending them in the many immoral places to be found even in our city which are, often frequented by them; but any further remarks of this character we will defer to another time.

☞ Apropos of our remarks in the Editorial column. We understand that No. 3 one of our most efficient engines, with a numerous and powerful volunteer company (observe that, you "fair play" man, when we say most efficient we always except Hydraulic No. 1, which is *the* company and *the* machine)—that No. 3, reduced the water *in the harbor* with such frightful rapidity, that she soon pumped up *gravel from the bottom*, which partially disabled her pumps.—Whether she filled the cellar of the burning building with gravel or not, we are at a loss to say.

☞ We have often wondered that no orders have been heretofore issued respecting the removal of carriages and other vehicles from the streets, when public funerals and processions have been very much inconvenienced by them, and consequently we hail with pleasure the notice of His Honor the Mayor, respecting this matter, which will be found in another column.

☞ Emanuel Church will be open for service to-morrow evening, to commence at 7 o'clock.

DIOCESE OF HARTFORD.—We (*Catholic*) have learned from letters lately received from Rome, that the Reverend P. M'Farland, Pastor of Saint John's Church, Utica, New York, has been appointed Bishop of Hartford, Connecticut.

We clip the above piece of information from the BOSTON PILOT, and our Catholic friends are no doubt aware that the diocese of Connecticut and Rhode Island is united under the charge of the Bishop of Hartford.

CALHOUN AND DOUGLAS ON KANSAS AFFAIRS.—Gen. Calhoun visited Judge Douglas shortly after his arrival, says the Washington correspondent of Forney's Philadelphia *Press*, in that paper of yesterday.—They had a long conversation, several persons being present. The Judge inquired in reference to the returns from the Delaware Crossing. Calhoun made no answer. Before they separated, the inquiry was again made. Calhoun replied that the return had been properly certified. Judge Douglas then gave him some sworn evidence on the subject. Calhoun read and turned pale.—About one o'clock at night, Calhoun sent to Douglas's house that he was convinced there had been fraud at Delaware Crossings—510 votes being put down where only 40 were cast—and that he had made the correction in the record with the approval of the President. He authorized Judge Douglas, Mr. Harris, of Illinois, and Gen. Quitman, to publish the fact.

A proposition, in the form of a resolution, will be offered from the Lecompton side, to the effect that the people of Kansas, under the Lecompton constitution, every provision in that instrument to the contrary notwithstanding, will have the right to change it at any time after its acceptance, if it be accepted, by Congress.

SOMETHING NEW EVERY WEEK.
Testimony in favor of Prof. O. J. WOOD'S Hair Restorative Voluntary Certificates, of which one will be published every week.
No. 19.

MILFORD, Worcester Co., Mass. Nov 13, 1854
Prof. O. J. Wood—*Dear Sir*:—I take pleasure in bearing voluntary testimony, to the magic effects of your wonderful Hair Restorative. As far back as 1836 my hair commenced falling off, until the top of my scalp became bald and smooth as glass, and it has continued to fall for a great many years, notwithstanding I have used many celebrated preparations for its restoration. Seeing your advertisement, I was induced to give your article a trial; and to my utter astonishment, I found after a few applications that my hair became firmly set, and assumed a very glossy and beautiful appearance; and by the time I had used a quart bottle, my bald head was covered over with a young and vigorous growth of hair, which is now from one to two inches in length, and growing very fast.
Yours truly, HENRY GOODRICH.

I have the greatest faith in its virtues and curative powers, and shall do all in my power to make it known to the afflicted. Hoping this may prove advantageous to you in assisting you to introduce the medicine, I am truly yours, M. M. CORNICE.

C. A. P. Mason,—Dear Sir—I am now using the Alpine Hair Balm, which I had of you, with most happy results. On the 30th of June last, my hair (which had been gray for more than six years) was fast falling off; but on the third application of the Balm it ceased falling, and is now firmly fixed, and very nearly its original color. By the use of one bottle, I confidently expect a complete, permanent, luxuriant and original head of hair. ESTIMONY OF A LADY OVER 50 YEARS OF AGE.
Mr Mason, Sir—I write to inform you how I am with your Alpine Hair Balm.—My hair has been gray for a number of years, and I have been obliged to wear a front piece and cap; but have always found a difficulty when having a bonnet on to keep the front piece from working back and showing the white hair. Finally I concluded I would try your Alpine Hair Balm, I used one bottle only and my hair has come back to its natural color, which was brown. My hair is now perfectly free from dandruff and is soft and easy.
Very respectfully, SARAH LYON.

AMERICAN "INSTITUTIONS."—Dr. McKay, in his last letter from New York to *The Illustrated London News*, thus defines what is styled an "Institution" in America. He writes:

Whatever the Americans are proud of—whatever they consider to be peculiarly good, useful, brilliant characteristic of themselves, or their climate—they designate, half in jest, though scarcely half in earnest, as an "institution." Thus the memory of General Washington—or "Saint" Washington, as he might be called, considering the homage paid to him—is an institution; the Falls of Niagara are an institution; the Plymouth Rock, on which the Pilgrims first set foot, is an institution, as much so as the Blarney Stone in Ireland, to which an elegant Irish orator, at a public dinner, compared it, amid great applause, by affirming that the Plymouth Rock was the "Blarney Stone of New England." Sweet potatoes are an institution, and punkin (or punkin) pie is an institution; canvass-back ducks are an institution; Bunker's Hill is an institution; and the firemen of New York, a great institution.

HOWARD ASSOCIATION

PHILADELPHIA.

A Benevolent Institution, established by special endowment for the relief of the sick and distressed, afflicted with Virulent and Epidemic diseases.

TO all persons afflicted with Sexual Diseases, such as Spermatorrhœa, Seminal Weakness, Impotence, Gonorrhœa, Gleet, Syphilis, the Vice of Onanism, or Self-Abuse, &c. &c.

The Howard Association, in view of the awful destruction of human life, caused by sexual diseases, and the deceptions practised upon the unfortunate victims of such Diseases by Quacks, several years ago directed their consulting Surgeon, as a Charitable Act worthy of their name, to open a Dispensary for the treatment of this class of diseases in all their form and to give Medical Advice Gratis, to all who apply by letter, with a description of their condition, (age, occupation, habits of life, &c.,) and in cases of extreme poverty to Furnish Medicines Free of Charge. It is needless to add, that the Association commands the highest Medical skill of the age, and will furnish the most approved modern treatment.

The Directors, on a review of the past, feel assured that their labors in this sphere of benevolent effort, have been of great benefit to the afflicted, especially to the young, and they have resolved to devote themselves, with renewed zeal to this very important but much despised cause.

Just published, by the Association, a Report on Spermatorrhœa, or Seminal Weakness, the vice of Onanism, Masturbation or Self-Abuse, and other Diseases of the Sexual Organs, by the consulting Surgeon, which will be sent by mail, (in a sealed envelope,) free of charge, on the receipt of two stamps for postage.

Address, for Report or treatment, Dr. George R. Calhoun, Consulting Surgeon, Howard Association, No. 2 South Ninth street, Philadelphia, Pa. By order of the Directors.

EZRA D. HEARTWELL, President.

GEO. FAIRCHILD, Secretary.

Through a trial of many years and through every nation of civilized men, AYER'S CHERRY PECTORAL has been found to afford more relief and to cure more cases of pulmonary disease than any other remedy known to mankind. Cases of apparently settled Consumption have been cured by it, and thousands of sufferers who were deemed beyond the reach of human aid have been restored to their friends and usefulness, to some health and the enjoyments of life, by its all powerful antidote to diseases of the lungs and throat. Here a cold had settled on the lungs. The dry, hacking cough, the glassy eye, and the pale, thin features of him who was lately hearty and strong whisper to all but him Consumption. He tries everything; but the disease is gnawing at his vitals, and shows its fatal symptoms more and more over all his frame. He is taking the CHERRY PECTORAL now: it has stopped his cough and made his breathing easy: his sleep is sound at night: his appetite returns, and with it his strength. The dart which pierces his side is broken. Scarcely any neighborhood can be found which has not some living trophy like this to shadow forth the virtues which have won for the CHERRY PECTORAL an imperishable renown. But its usefulness does not end here. Nay, it accomplishes more by prevention than cure. The countless colds and coughs which it cures are the seed which would have ripened into a dreadful harvest of incurable diseases. Influenza, Croup, Bronchitis, Hoarseness, Pleurisy, Whooping Cough and all irritations of the throat and lungs are easily cured by the CHERRY PECTORAL if taken in season. Every family should have it by them, and they will find it an invaluable protection from the insidious prowler which carries off the parent sheep from many a flock, the darling lamb from many a home.

Prepared by Dr. J. C. AYER, Practical and Analytical Chemist, Lowell, Mass., and sold by all Druggists everywhere. o22-d&wlmos

to Exertion, Loss of
Power, Loss of Memory,
Difficulty of Breathing, General Weakness, Horrors of Disease, weak Nerves, Trembling, Dreadful Horror of Death, Night Sweats, Cold Feet, Wakefulness, Dimness of Vision, Languor, Universal Lassitude of the Muscular System, Often Enormous Appetite, with Dyspeptic symptoms, hot hands, Flushing of the Body, Dryness of the Skin, Pallid Countenance and Eruptions on the Face, Pain in the Back,

Heaviness of the Eyelids, Frequently black spots flying before the eyes, with Temporary Suffusion and Loss of Sight; Want of attention, Great Mobility, Restlessness, with horror of society. Nothing is more desirable to such patients than solitude, and nothing they more

Dread for fear of themselves; no repose manner, no earnestness, no speculation, manner, no earnestness, no speculation, but a hurried transition from one question to another.

These symptoms, if allowed to go on—which this medicine invariably removes—soon follows Loss of Power, Fatuity, and Epileptic Fits—in one of which the patient may expire. Who cannot say that these excesses are not frequently followed by those direful diseases of *Insanity and Consumption!* The records of the *Insane Asylums*, and the melancholy deaths by *Consumption*, bear ample witness to the truth of these assertions. In Lunatic Asylums the most melancholy exhibition appears. The countenance is actually sodden and quite destitute—neither mirth or grief ever visits it. Should a sound of the voice occur it is rarely articulate

"With woful measures wan despair
Low sullen sounds his grief beguiled."

Debility is most terrible! and has brought thousands upon thousands to untimely graves thus blasting the ambition of many noble youths. It can be cured by the use of this

INFALLIBLE REMEDY.

If you are suffering with any of the above distressing ailments, the *Fluid Extract Buchu* will cure you. *Try* it and be convinced of its efficacy.

Beware of Quack Nostrums & Quack Doctors who falsely boast of abilities and references.—Citizens know and avoid them, and save long suffering, money and exposure, by sending or calling for a bottle of this popular and *Specific Remedy*.

It allays all pain and inflammation, is perfectly pleasant in its taste and odor, and immediate in its action.

A CARD TO THE LADIES.

DR. DUPONCO'S Golden Periodical Pills for Females. Perfectly harmless, yet wonderfully and powerfully efficacious in correcting, regulating, and removing all obstruction from whatever cause.

All medical men know, as well as many others, that no female can enjoy good health, unless she is regular; and whenever an obstruction takes place, whether from exposure, cold, or any other cause, the general health begins immediately to decline, and the want of such a remedy has been the cause of so many consumptions among young females. Headache, Pain in the Side, Palpitation of the Heart, Loathing of Food, and Disturbed Sleep, do most always arise from the interruption of nature; and whenever that is the case, the Pills will invariably remedy all these evils; and may always be used successfully as a preventive.—Price $1 per box. For sale at 132 Thames street, corner Churchstreet, and at 12 Washington Square, opposite the Institute House. Orders for the trade and dealers will be supplied at lowest manufacturer's prices. AMERICAN AND FOREIGN OFFICE.

R. H. EDDY, Solicitor of PATENTS (Late Agent of U. S. Patent Office, Washington, under the Act of 1837.) NO. 79 STATE, OPPOSITE KILBY ST., BOSTON.

AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries, Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on Reasonable Terms and with despatch. Research made into Patents, Models, Books, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claim of any Patent furnished by addressing One Dollar. Assignments recorded at Washington.

This Agency is notoriously the largest in New England, the inventors have selected it, preferring its facilities, owing to the great diversity of inventions, successfully if certainty or probability of success, and if certainty or probability of success, to any which can be secured elsewhere. The testimonials below give proof of what is MORE SUCCESSFUL AT THE PATENT OFFICE than the solicitor; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has almost reason to believe, and can prove that no other agency of the kind, or any other agency of professional character, can make the claim of greater practice of the Solicitor during the last twenty years, or can claim to have secured a greater number of patents, specifications, and other official results. These [illegible] Patents issued, and [illegible] of patents granted in the United States, [illegible] under the seal of the Patent Office, [illegible] facilities for certain success.

All [illegible] of a patent to W. [illegible] [illegible] Patent Office.

TESTIMONIALS.

During the time I managed the office of Commissioner of Patents, R. H. Eddy, Esq., of Boston, did business at the Patent Office, as Solicitor of procuring Patents. There were few, if any persons ranking in that capacity, who had as much business before the Patent Office, and there were none who conducted it with more skill, fidelity and success. I regard Mr. Eddy as one of the best informed practical Solicitors of Patent Solicitors in the United States, and have no hesitation in assuring inventors that they cannot employ a more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable decision at the Patent Office.

EDMUND BURKE,
Late Commissioner of Patents.

From the present Commissioner.

AUGUST 17th, 1857.—During the time I have held the office of Commissioner of Patents, R. H. Eddy, Esq., of Boston, has been extensively engaged in the transaction of business with the office, as a solicitor. He is thoroughly acquainted with the law, and the rules of practice of the Office. I regard him as one of the most capable and successful practitioners with whom I have had official intercourse. CHAS. MASON

LOTTERIES.

LOTTERIES.—The Lotteries of Samuel Swan & Co., are chartered by the State of Georgia, and have sworn commissioners appointed to superintend their drawings, and certify that everything connected with the same is done in a strictly honorable manner.—They offer to the public a fair opportunity for investment, the interests of parties at a distance being as well protected as though they were present. The managers would respectfully call attention to the fact that all persons have a legal right to send orders for tickets to Georgia, as the lotteries of Samuel Swan & Co., are authorized by the Legislature of that State. A Lottery will be drawn every Saturday throughout the year, all orders received being filled in the drawing next to take place after the same comes to hand. According to the scheme on ticket in every ten must draw a prize. Tickets are $10; halves, $5; quarters, $2 50. No tickets sent unless the money accompanies the order. The drawings are on the principle of one number on each ticket, and are so simple that none can fail to understand them. There is no combination of numbers to mystify the purchaser to justify the buyer. Prizes vary from $10 to $50,000; every prize being drawn and result of drawing forwarded to all purchasers.

☞ A list of the numbers that are drawn from the wheel, with the amount of the prize that each one is entitled to, will be published after every drawing, in the following papers:—Augusta (Geo.) GEORGIA LOTTERIES.

THE Lotteries of ALDERSON & SON, are chartered by the State of Georgia, and have sworn commissioners appointed by the State, to superintend their drawings, and certify that everything connected with the same is done in a strictly honorable manner, and that the interests of parties who reside at a distance are as well protected as if they themselves were present at the drawing. Another fact which the managers call attention to, is, that all persons have a legal right to send orders for tickets to Georgia, as lotteries are legalized by a special law in that State. A lottery is drawn at Savannah, Ga., about the 15th of every month, and another is drawn at Macon Ga., *every Saturday throughout the year.* If no particular class is named, orders are filled in the first drawing to take place after the communication comes to hand. The prices of tickets are from $1 to $10. No tickets are, however, sent unless the money for the same is received with the order. The drawings are on the principle of one number on each ticket and are so simple that none can fail to understand them. There is no combination of numbers, which has so mystified the community for years past. Prizes vary in amount from $10 to $50,000. Every prize being drawn, and result of drawing, or other information, forwarded to all purchasers.

A list of the numbers that are drawn from the wheel, with the amount that each prize is entitled to, will be published after every drawing, in the following papers; New Orleans *Delta*, Savannah *News*, New York *Dispatch*, and New York *Atlas*. Write your address plainly, and direct to

LOTTERIES.—The well known Mary Land Consolidated Lotteries, of which R. FRANCK & Co. are the managers, are chartered by the state of Maryland, and a commissioner elected by the people, who is sworn to superintend and certify that everything connected with them is done in a strictly honorable manner, and that the interests of parties who reside at a distance are as well protected as if they themselves were present at the drawing. Another fact which the managers call attention to, is, that all persons have a legal right to send orders for tickets to Maryland, as lotteries are legalized by special law in that state. A lottery is drawn every day in the month. If no particular class is named, orders are filled in the first drawing to take place after the communication comes hand. The prices of tickets vary from $1,00 to $20.—No tickets however, sent unless the money for the same is received with the order. The drawings are upon the principle of one number on each ticket (after the Havana plan), and Ternary combination. Prizes vary in amount from $20 to 100,000. All orders for tickets or packages will receive prompt attention, and the drawing mailed to all purchasers immediately after it is over. Address

MEDICINES.

THE GREATEST WONDER OF THE AGE.

A REMEDY which CURES IN FIVE MINUTES.—M. LEROUX'S Cholera Cognac Bitters. This truly wonderful scientific compound is recommended by the most eminent and learned physicians of Europe and America, and enjoys the reputation of anything similar ever offered. It is without doubt, the best most efficacious and generally acknowledged remedy against cholera, dysentery, diarrhoea, and complaints of the stomach in general. The numerous persons who have tried it according to directions have invariably found relief in a very short time, and the best proof of it is, that this valuable standard remedy was introduced in the armies of the Allies in the Crimea, the mortality of the soldiers from cholera and similar diseases was diminished by over 75 per cent in consideration of which, the inventor was presented by the French and English governments with a gold medal, bearing the inscription "Hail! M Leroux, the great chemist and benefactor, by whose knowledge our armies are preserved from cholera."

This invaluable preparation is also a remedy for billiousness, indigestion, weakness, and general derangement of the stomach. Upon being taken, it creates appetite, and prevents the heaviness attendant upon eating by persons who are dyspeptic.

In this city, also this remedy has been used with the most undoubted success, and there is designed can produce the best testimonials from our most celebrated physicians, as to its immediate and complete success, which they will be happy at any time to show to any persons who wish to see them. S. STEINFELD, Sole Agents for the United States, 70 Nassau street, corner of John, N. Y.

P. S.—Those not able to pay, may relate my place from 3 to 5 p. m., and receive the remedy gratis. s19—1y

We take this method of cautioning the public against such deception.

The genuine coal may be found at Messrs. Oman & Bradford's, Messrs. Geo. Bowen & Co.'s and Mr. Chas. Williams.
